

# VOICE TO THE VILLAGE

Reaching Villages with the Message of Hope

Alaska Missionaries Terry & Danean Hull

1st Quarter 2009

## January

We ended 08 and started 09 by filling in for Pastor Dana Goodwater in Seward while he went out to visit family for the Holidays. They have a wonderful Church Family and we thoroughly enjoyed our time there. What a awesome drive back.

Next, we broadcast the Holy Spirit Conference held at Muldoon Community Center. During this 4 day event we had 748 users joining us with an average play time of 29 Minutes each.

## March

The first week of March we broadcast the NAF Convocation. We had a total of 147 people join us online during the services. Praise God for this use of technology.

We made our annual trek to Willow, Alaska to pass out tracts at the start of the Iditarod.

## Next

I will be in the Lower 48 for most of April attending the West Texas Spring Tour and Kansas District Council. Let me take you for coffee and catch up if possible. Also, we will be making more trips to villages to get as much done as possible before camp AN.

Please pray for Camp Agaiutim Nune this year. For safety, workers, funds, kids, youth, adults and equipment needed for a great camp season this year.

This adds up to 21,692 minutes viewed or 361.5 hours. The archived video has been viewed 301 times as of 1.27.09. Praise God for this great start. We did discover some improvements that needed to be made.

The last two weeks in January were spent in Nome and Kotzebue.

This sunrise picture was taken while eating lunch in Nome.

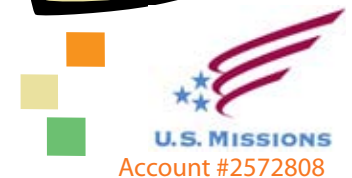

## February

I took some vacation time with Danean and then worked on web stuff. Chat page, streaming server etc... in preparation for broadcasting future events.

We had the privilege of praying with several folks. One lady I prayed with had been out of church for 9 years.

We have an exciting new development to announce. **We provided a live webcast of the Governors Prayer Breakfast this year.** The committee contacted us asking for help. This was an exciting event for us to be part of. Praise God for this opportunity. The webcast was a great success.
