

# VOICE TO THE VILLAGE

Reaching Villages with the Message of Hope

Alaska Missionaries Terry & Danean Hull

## Iditarod Outreach

We joined a team of 7 to hand out 2,300 Mush To Life booklets in one

hour and forty minutes at the ceremonial start in Anchorage. Then

we passed out 2,050 booklets in 4 hours at the re-start in Willow. Praise God for this opportunity.

## NAF Convocation

We had the privilege of broad-

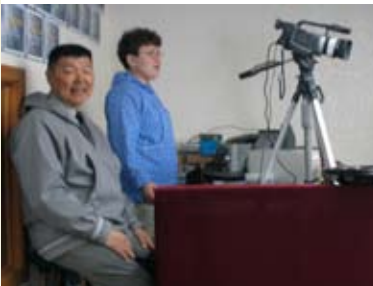

2nd Quarter 2008

casting live video of the evening services from the *Native American Fellowship Convocation* held in Anchorage out to 11 locations. Check out the video on our website.

## 2 Churches on line

Nome River Of Life Assembly is live on the Internet now. You can join their services live via the Internet. This was

accomplished just in time to air special services with evangelist Leonard John from Fairbanks. 13 users from different locations joined in on these services.

Anchorage Native Assembly is also live on the Internet. Pastor Tim Serge and Pastor Eldon Hicks and their congregations are excited to offer their services to any individuals or churches that would like to join them.

You can find the links to watch these services @ [www.voicetothevillage.net/network-sites](http://www.voicetothevillage.net/network-sites)

## What's Next

We are also in full swing getting ready for **Camp AN**. ([www.campanalaska.com](http://www.campanalaska.com)) I will fly out to Emmonak on June 5th to start setting up the camp. Missionary Jim Schulz and the rest of the set up team will arrive on the 9th. Please join us in prayer for the camps this year. We start with Kid's Camp from June 23rd - 27th. Then Youth Camp from June 30th - July 4th. The last week is Family Camp/ Teen Discipleship from July 6th - 9th.

Pray that God would keep His hand of protection on all the workers and campers during this time. And most of all that He would supernaturally touch lives to be forever changed.
