

# VOICE TO THE VILLAGE

Reaching Villages with the Message of Hope

Alaska Missionaries Terry & Danean Hull

3rd Quarter 2008

## Camp Agaiutim Nune

We had a wonderful camp season this year. All of your prayers must have worked because we had record attendance for Kid's and Youth camps. Keep it up!

Two of our own faithful workers, Heidi Secor and Kristen Berg tag-teamed the week of Kids camp.

Heidi and Kirsten have been faithfully coming to camp for years. They did an awesome job!

Nathan Cook from Kansas was the speaker for Youth and Teen Discipleship camps. He poured his heart and soul into these 2 weeks of ministry. God touched many hearts.

For the second year in a row our Family camp speaker was Timothy Sergie. He capped off the camp season with powerful preaching and teaching.

Thanks for all your prayers for Camp!

## Aim Trip to Nome

After months of planning, Youth Pastors Lonnie and Rhonda DiSalvo from Plainview, Texas brought their AIM team of 21 for a week of ministry in Nome. Check out their website @ [www.rockthenations.org](http://www.rockthenations.org)

## Website

Be sure to check out the web site! Traffic has picked up. In August we had 75,904 hits from users in 51 Countries. **We are now averaging over 2500 hits a day.** One Sunday morning I had the privilege of monitoring the on line churches and each one had 4+ users watching. Praise God that we can use this medium to spread His word. This fall we will continue to work on getting locations on line. Keep watching the web site for these new locations.

You can find the links to watch services @ [www.voicetothevillage.net/network-sites](http://www.voicetothevillage.net/network-sites)

Vacation Bible Eperience classes were held for the children, during the day and Youth Services took

place in the evening. We had a great week of ministry. The parsonage also received a facelift with a fresh coat of paint.
