Reaching Villages with the Message of Hope

Alaska Missionaries Terry & Danean Hull

September

The first of September, I had a request from our new missionaries in Emmonak to come and help Austin "catch a moose". We had success, with sore muscles and lots of meat to prove it.

Part of Danean's family came to visit. We had a great time visiting, sightseeing and fishing. (We even caught some.)

Danean and I made a 3 day trip to Kansas to attend Grandpa Alva's funeral. He had lived a long full life and at 96 was ready to go home to be with Jesus.

From now to the end of the year, we are planning a trip to Oklahoma to attend a niece's wedding, return and visit with the leaders in Point Hope, and do some fill in preaching for pastors that are traveling out to the lower 48.

They had not been able to connect to streaming services. We resolved the problem with their Internet service and they are back online. On Sunday morning after I preached, God revealed to me that someone

ready to hook up their church to stream live services. Several villages in the Bristol Bay region do not have

pastors and some are even without churches. Once they are streaming, villages with high speed Internet can connect to *Anchor of Hope's* services.

Thanks for your prayers and financial support!
