Dominate in 2008

God has been speaking a word into my spirit for this year. "Dominate in 08" What does it mean to dominate? Wikipedia defines Domination as "the condition of having control or power over people or things."

Over Self

First of all, God wants us to have Dominion over sinful desires of our flesh. In order for Him to have complete control of our lives we must surrender ourselves to Him. As we "die daily" to the desires of the flesh, we gain more and more control over un-Godly desires in our lives. This is the year to "change guards". Last year some high profile ministers failed to keep up their guard. This year God is reminding us to let Him have dominion over our lives and He will be our guard.

Over Satan

God wants us to have Dominion over the powers of this world. Most of us have probably heard this saying that John F. Kennedy made famous. "The only thing necessary for the triumph of evil is for good men to do nothing." Some have been doing exactly that, nothing. This year we need to drive back the enemy in our lives first, then in our region, across Alaska and the Lower 48. This must start in us first and then we can move out to Dominate our world. Jesus said "I have given you authority to trample on snakes and scorpions and to overcome all the power of the enemy; nothing will harm you. However, do not rejoice that the spirits submit to you, but rejoice that your names are written in heaven." Luke 10:19-20 (from New International Version)

Over Stuff

Jesus has given us authority over stuff as well. "Even the wind and the waves obey him" MK 4:41 He has given us that same authority as well. He simply spoke and it happened. We need to speak to our stuff. Let me share a testimony with you of something that happened to us in December. I had just finished telling a fellow minister about how God is dumping out His blessings on us when another pastor came up and told me that he wanted to talk to us. A few minutes later he told us that their church is giving us a van. Wow, God never ceases to amaze me. Let's speak to our stuff this year. You will reap a harvest this year if you will start calling it in. I have never been an over the edge "blab it and grab it" preacher. But we should never run away from the blessings of God. He wants to bless us so we can advance His kingdom here on earth. We should expect our stuff to be blessed this year. You will notice your tires lasting longer, shoes not wearing out, or when they do you will get a \$400 pair of boots for \$60 (like me). Our Stuff is Blessed.

God, please dominate every area of our lives and help us to walk in the authority that you have already given to us as we walk in the abundant blessings you dump out on our lives this year! Let's Dominate in 08!

Christmas 07

We had a great Christmas season with our Kids and our Alaskan Family. Some of you contacted me after last month's letter thanking us for being here where God wants us. There is nothing better on this earth than: to be doing what God has for you in the right place at the right time. It is our privilege to be used of God as your Missionaries to Alaska.

What's going on

I have started purchasing equipment and making arrangements to launch new ministry sites soon. Please continue praying for us as I have 2 Bush trips scheduled in January with more to follow in February. Please let me know if you or people from your church would like to come to Alaska on a Missions trip or if you would like give a special offering for projects we are working on.
